What's in the IADR-APR 2019 Mobile App?

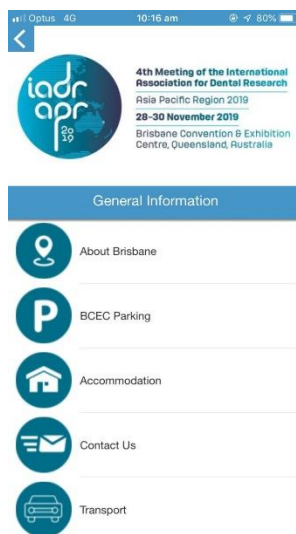

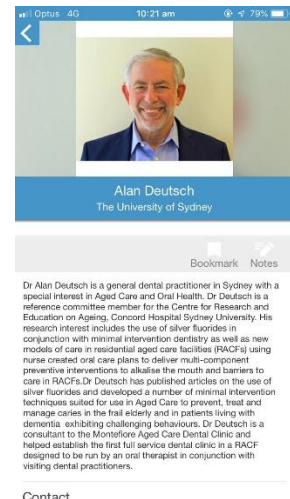

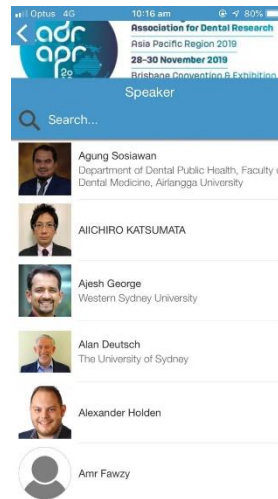

The **Program** features a digital event program, where you can check location and times, see speaker details, bookmark and filter search sessions.

You can also message speakers via the app by clicking into their profiles.

You can browse or search the list of **speakers** and bookmark the sessions they are participating in.

You can also browse or search the list of **delegates**. If a delegate has opted in, you can contact them directly via the messaging function.

Attendees can choose to enable or disable **messaging** functions in the app's privacy settings at any time.

The **Meeting Information** tab includes registration, speaker preparation room, wifi and much more information.

There is also an **Activity Feed** for general event discussion with other attendees where you can post photos, and a **Social Program** button so you don't miss out on what is happening.
